Poetry To Go for the Average Joe is an original poetry and art book containing 35 poems accompanied by 35 original Soft Abstract Expressionism paintings.

The painting and poems are all original and done by artist Kathy Mitro.

The poetry and art are quite up to date with the times and what I like to call 2015 art.

The poetry is simple kind poetry. The kind of poetry easily read on the go with a cup of coffee and a newspaper.

The poems are light with goodness and joy in them so are appropriate for the smallest child but will engage any age even up to the oldest Grandmother.

They are feel good poems many with uplifting inspirational messages in them while at the same time remaining fun and playful.

The paintings while seeming somewhat abstract each have a definite story within them. The story is usually seen only after intense study when suddenly the image pops out never to be missed again.

The painting are quite fun and joyful also.

So the engagement of the poetry and art, is well, a match made in Heaven.

This book contains 35 full colors images within it and 35 poems.

The artwork and poetry are all original and done by Kathy Mitro an emerging new artist poised on the international stage.

This is a marriage made in Heaven of fine art and poetry, cutting edge for the year 2015.
